

UA TRIBAL **TECH RIDER**

Equipment list:

- 2x CDJ Pioneer 2000Nexus 2CD players, linked and with the latest firmware installed;
- Pioneer djm 750 mk2
- small lights near the mixer and CD players
- 2 x adjustable stereo monitor loudspeakers at ear level and each side of the Artist (not on the floor nor behind the artist)+ 2x first class subwoofers
- All the above mentioned equipment to be connected and tested by the Venue's sound engineer BEFORE the Artist's performance. Strict test against humming, feedback, distortion, etc. is requested accordingly per each CD player. Qualified sound engineer is to be present during the Artist's entire performance. IF THE EQUIPMENT IS NOT COMPLETE OR NOT WORKING PROPERLY, THE ARTIST RESERVES THE RIGHT TO STOP THE PERFORMANCE.
- 1 x electric fan
- 1 laptop with Resolume Avenue 6 software **for VJ** (in the sound engineer's booth). The computer must be connected and communication with the screen must be checked
